

Dr. Daryl Laney: Retirement from Hoyt-Laney Chiropractic and Sports Therapy

January 15, 2016

Dear Patients,

As many of you know, I sold my practice back in July of 2015 to focus much needed attention to my corporate wellness business, Neuromuscular Corporate Solutions (NCS). I have become increasingly busy with NCS and now will be retiring from Hoyt-Laney Chiropractic and Sports Therapy, effective February 11, 2016. I regret that I will not be able to continue to serve you. The past 26 years have been filled with many rewarding experiences and memorable patients.

Dr. Hoyt has worked in my practice over the past six years under my direction, as well as Dr. Ray, who has been in my practice for the past year. I have confidence that either of these doctors will be able to continue to address your chiropractic/soft tissue needs. Should you need your records, please contact Hoyt-Laney Chiropractic at 817-379-9324.

Thank you for allowing me to care for you and your loved ones.

Sincerely,

Dr. Daryl Laney, D.C.
